Mirziyoyev and development of vocational training system extended meeting on issues second to student

in schools foreign language teaching and profession actual tasks in direction was determined.

What is knowledge?

Knowledge is the nature of people and society crated reality about events

data; a person of reality

reflected in his thinking. Diary, what is what in our imagination if we believe that and this is our belief

events and rules we are used to in there is no contradiction, trust in it is considered. Foreign language for

everyone today it is very important to know. Globalization during this period it is the demand of the

times. Admittedly, Uzbekistan is an international Islam at the academy, young people master foreign

languages all conditions have been created for it to decrease. Master classes for students, training

courses, various meetings are held.

What is craft?

Crafts-national – traditional small goods production using simple labor tools in industry based on

individual and manual labor type; such products are made common name of occupations. Large industrial

development common until the release occurs, some areas were preserved even later. Underdeveloped is

still important in the national economy of countries takes place. After Uzbekistan gained independence a

new era has begun in the development of crafts people crafts again under the rules of the market restored.

Local industry in Uzbekistan the first line of privatization of enterprises of handmade new handicraft

enterprises were opened. In 1997 the republican folk art and “USTO” is the creative work of the

craftsmen a publishing association was established.
